Re: **Contract Negotiating Team**

Dear Members,

The time has come to select a team to represent our Local in the next round of contract negotiations. The Local Executive Board ( Betsy Nulty, Gary Peoples, Charles Bowen, Richelle Kozak and Sue Clements) will be joined by two additional members. In order to have a clear understanding of the issues and concerns of all our members, it would be especially good to have a representative from a different department in the hospital

We are asking people who are interested in being on the negotiating team to nominate themselves. If there are more volunteers than are needed we will have a run-off election to select the team. Once the team is selected there will be a negotiation training session which is scheduled for Wednesday Oct. 26, 2016

Serving on the negotiating team will involve some commitment of your own time.

Negotiations are normally scheduled on days that the majority of the team are *not* scheduled to work. In the event that team members must lose a day of work, the HPAE State Office will reimburse wages for two techs and two RN/Professionals at each negotiation session. There may be times when a team member will need to use his/her benefit time. The team members who attend on their own time receive a \$25 stipend for each negotiating session per our rebate guidelines.

If you have any questions please contact one of the Local officers.

**Interested members are requested to sign below and return to one of the Local Officers by September 9, 2016**

In Unity,

The Local Executive Board
