

WHERE IS THE OVERSIGHT AT HMH?

Between the CARES Act General Allocations and the High Impact Allocations, HMH received approximately **\$811.5 MILLION** in federal relief. HMH can legally spend this money on union busters to train managers how to scare you and silence your voice. Does that seem fair?

Wouldn't \$811.5 million be better spent improving safety measures and investing in PPE, education and staffing?

\$811.5 MILLION *Could* Buy:

- 405.75 Million N95 Masks
- 44 Million Tech Hours
- 54 Million EVS, Observer, Transporter and Dietary Hours
- 135 Thousand Semesters of Tuition for Advanced Certifications

**Ask yourself, why is HMH really fighting so hard to keep you from forming a union?
Could it be that HMH wants to continue to spend without oversight?**

Remember, no amount of manager meetings, threats, or misinformation can stand up against the power of healthcare workers coming together for a brighter future!

That Is Why We Say, Now More Than Ever, Union YES!
