

We are the Union.
We Have the Power.

We Win when We Pool our Individual Voices and Demonstrate Unity through Collective Actions like Petitions, Buttons, and Worker Engagement!

At Our Hospital, Over 700 Union Members of Local 5058, the RNs of Jersey Shore, Participated in the People-Centered acts of Union Life Including Votes, Getting the Word Out to Coworkers and Worksite Actions to Show Solidarity at the Height of the COVID Pandemic.

This Historic, Record Breaking Engagement Won Union Members:

- ⑥ Raises for All- A Wage Scale Appeal Process to Set Right Widespread Wage Errors, and Recognition Pay for Frontline Healthcare Workers Within and Beyond our Membership Lines
- ⑥ A Secured Voice in Pandemic Planning
- ⑥ Enforceable Safeguards that Only HMH Unionized Employees Have Access to When Floated
- ⑥ Committees and Contract Wins Already in Place to Advocate for Those Who Deliver Care on Behalf of Those Who Receive Care
